

NOT BUILT FOR SPEED but Cook County and state highway engineers think otherwise. This is West ave., Orland Park, where the speed permitted by state and county is 40 miles an hour. This thoroughfare is used by children to and from school and one can see quite plainly there are no sidewalks. One can also see the street is narrow and hilly. Parents, residents along West ave. and village officials have been protesting against the speed allowed but to date such protests have been in vain. (Marvin Smith photo)

Set Date Of Step Up Day For LW Grade Districts

April 4 is the date for step-up day this year in the underlying districts of Lincoln-Way high school. This is the time when eighth grade pupils who enter high school next fall will have an opportunity to visit the institution and get acquainted with the teachers, the curriculum, and the building itself.

In addition to the orientation part of the day's program a series of tests will be given. These tests, it was explained by Supt. A. Hunter Chapman, are designed to aid the pupils to do a better job in the selection of courses best suited for them.

In the latter part of April the school plans to have an orientation program for parents to give them a first hand information as to the purpose of these tests. School officials have sent out letters to parents accompanied by a description of all the courses offered by Lincoln-Way.

Required subjects for freshmen are, English, general science, social studies, practical arts and physical education. They may elect one additional subject from a prepared list.

The eighth graders will be furnished transportation on pick-up

day. The school buses will follow their regular routes and pick-up the youngsters at the regular stops.

Step-up day program will begin with an assembly at 8 o'clock at which the visitors will be welcomed. Afterwards they will be taken on a tour of the building and then assemble in home rooms. Registration and tests will follow. The day will end at 3:30 o'clock.

Annexation Stimulates Growth Of Orland Park

An ordinance annexing Fairways Estates, a subdivision lying between 94th and 88th avenues and 145th and 147th streets, to Orland Park has been adopted by the village board.

There are 116 acres in the tract known locally as the Ott farm, and the builders are planning to erect 282 homes.

A petition for annexation of a small tract in the vicinity of 151st

street, at the south end of West ave., was referred to the plan commission for recommendation. The land is owned by Victor and Dorothy Ebeling.

Also referred to the plan commission was a petition for approval of a subdivision known as Oak View Estates. There are 80 acres in the tract, between 135th and 139th streets at 86th ave. The plat was prepared by

DeSoto McCabe and Associates.

At a recessed meeting this Monday night two subdivision plats were given approval by the village board as they are within the mile and a half radius over which the village plan commission has jurisdiction.

These two subdivisions, Crestview and Skyline which are south and east of the village, will accommodate approximately 450

homes, it was stated.

The village board has approved the purchase and will contribute about half of the cost of a panel truck for the Orland Park fire department. It will be used on inhalator calls and for other rescue work.

The board has accepted an offer of Martin Braun, of Braun & Alldridge, builders of Orland Park Hills, to draw up plans and speci-

fications for a village hall. It would be built as a wing on the north end of the new fire engine house under construction on Beacon street. Mr. Braun will draft the plans as a gift to the village.

A building permit has been issued to Emery E. Mann for a shop building in which stone will be processed. The building will cost \$14,000 and be located along the Wabash tracks.

N. Lenox Sewer, Water Bids Under Engineers' Estimates

A sewer and water system is seen as within the reach of New Lenox householders, village officials believe. Bids on the proposed improvements, including a well and elevated tank, are well within the engineers' estimates.

According to bids on the various phases of the program which are opened by the village board at a meeting on Wednesday night of last week in the Lions Den, Lorin Woodman, of the engineering firm of Woodman and Baxter, now says the project will cost between \$800,000, and \$900,000. The bids ran about \$100,000 less than the engineers figured.

It also figures more than a million dollars less than the original estimate that accompanied sewer and water plans presented about three years ago.

The board plans to finance the program thru general obligation and revenue bonds. Arrangements have been made for a Chicago house Scott and Kegley, Inc., to take the issues when and if they become available.

The village can issue \$200,000 in general obligation bonds, which are retired out of taxes, and between \$600,000 and \$700,000 in revenue bonds to finance the projects. The revenue bonds would be retired thru water rates and a service charge for use of the sewers.

The village board is expected to fix a date at its next meeting for an election necessary to vote on revenue bonds unless a petition carrying a prescribed number of signatures asking such an election be held is filed with the village board.

Taking the figures of the apparent low bidders on the sewer, the water system, a sewage treatment plant, a well and an elevated water storage tank, the total amount comes to \$674,000.

But there are other costs that must be added to arrive at the total for the program—engineering costs, legal fees, interest during the period in which no revenues—taxes or service charges are forthcoming, contingencies, possible discount charges, pump house and well equipment. When all this is put together, Woodman said, one arrives at the total of between \$800,000 and \$900,000 for the program.

Apparent low bidders on each of the projects are:

Sewer: M. Christofano & Sons, of Oak Lawn, \$283,946.99. Water: Azzarelli Const. Co., Kap-kakee, \$209,148.

Sewage treatment plant: Wigert Const. Co., Franklin Park, \$148,343.

Well: Wehling Well Works, Beecher, \$3,517.50

Water storage tank: Chicago Bridge & Iron, \$29,780.

The other bids were:

SEWER

Normoyle & Berg Co., Rock Island, \$292,500

Blaine Saxton, Mokena, \$349,610.40

Boncar Const. Co., Chicago, \$395,750.

WATER

M. Christofano & Sons, \$241,680.40

Hulett Corp., Oak Forest, \$244,800.

Gaskill & Walton Const. Co., Crete, \$150,110.

Wilson & Tarrives, Inc., Brookfield, \$154,950.

Lindblad Const. Co., Joliet, \$170,620.

Hasse Const., Inc., Calumet City, \$210,600.

WATER STORAGE TANK

Pittsburgh-Des Moines, Chicago

\$31,200.

W. E. Caldwell Co., \$32,410.

Graver Tank, E. Chicago, Ind., \$26,739.

These bids were submitted with the understanding that the village could not let a contract unless the bonds are authorized and sold.

The village board plans to hold public meetings to discuss the improvement program and a brochure outlining the plans with an estimate of the cost to each household will be distributed when the figures are available, it was stated.

Pays \$36,000 On Contract

Work on the sewer installation at Frankfort is progressing. On Monday night the village board allowed a payment of \$36,652.74 to the contractor, the D'Andrea Const. Co., of Joliet.

According to Robert Hamilton, engineer in charge, the D'Andrea firm has completed \$61,000 in work. A previous payment of \$18,000 had been made. The village holds back 10 per cent of the bill, as is customary.

The board also allowed \$1,000 to Hamilton to apply on engineering fees and \$667 for a resident engineer for the period of Feb. 11-March 15.

It was reported to the board that the subdivider was ready to start installation of sewer and water mains in Lincoln Meadows (second unit). The cost will run approximately \$80,000 it was said. Village Attorney A. H. Krusemark was instructed by the board to write the subdivider and advise that as yet the plans for the work have not been submitted for board approval as required by the subdivision ordinance.

Plans and specifications for streets, sewer sidewalks, sewer and water installed in subdivisions must conform to village standards and the plans and work approved by the village engineer.

Removal of the Anna Mitchell house at the east end of Kansas street has been arranged for by the board. Removal will be done

by the J. & M. Excavating Co., Frankfort, at a cost of \$300 to the village. When the lot is cleared the village will extend Kansas street to White ave.

Village Attorney Krusemark reported that the New York Central railroad, which had been leasing a strip of land along Kansas st. to the Lions club that the nominal rental now in force would be raised substantially if the lease is transferred to the village for use as a parking lot. It was indicated, Krusemark said, that the rent would be \$75 or \$100 a month. The lease with the Lions runs to September so the board has time to consider the matter, members agreed.

Palos-Orland "Y"

Seek Site In Area To Build Own Home

Robert W. Brinson, chairman of the Palos-Orland YMCA board of directors, has announced that a special local committee is investigating available property for possible purchase as a building site for the YMCA.

George Gee, Jr., of 9876 W. 145th Place, Orland Park, is chairman of the committee. Gee is the assistant cashier of the Orland State bank.

"As soon as the committee report is received and a logical method is developed to obtain a parcel of property the community will be informed," Brinson said.

Last year the real estate committee secured and option to purchase a 10 acre tract of land for an estimated \$25,000. The YMCA of Metropolitan Chicago agreed to pay one half of the total providing a like amount was raised locally.

"The property was not purchased for two reasons," said Brinson,

Easement rights for an adjacent piece of land for the purpose of a road for access to the property could not be obtained, and there was a definite lack of sufficient funds.

Money that has been donated by the local community for the property amounts to \$4,645. Matching funds brings the total to \$9,290. This money has been placed in escrow until a time when a site is selected.

According to Donald Widler, Palos-Orland executive secretary, plans are now being finalized for a current expense campaign to begin April 24 and raise \$15,000 to meet minimum budget requirements for this year's YMCA operation. General chairman of the campaign is Rufus Reed, 8609 W. 119th, Palos Park. He is employed by Western Dry Color Co., of Chicago.

Heading the Century Club campaign is Edward A. Sprinkle

of 12732 - 83rd Ct., Palos Park. Sprinkle is owner of the Gridiron Tile Company and is remembered for his all-conference play with the Chicago Bears football team.

Widler said that the YMCA is developing a program that will provide varied activities for youth of the community. He pointed to a special "Learn to Swim" campaign for youth which will be held April 18-22 for 4th-8th grade young people of Worth at the West Suburban YMCA pool.

Local boys will attend summer camp at "Y" Camp Channing near Pullman, Michigan, June 18 thru July 2. Girls will camp at Camp Pinewood during July. Camp Pinewood is located near Twin Lakes, Michigan.

"We'll run three, two-week day camp periods beginning July 11," said Widler. He said that the day camp would be organized at Spears Woods, 83rd and LaGrange Road,

44 L-W Science Winners Go To Dist. Contest

Acclaimed the most outstanding exposition staged at Lincoln-Way High School since the inception of this annual event, 44 "first place" winners will now advance to the District Science Exposition to be held April 9 at the Illinois Institute of Technology in Chicago.

Under the sponsorship of the Lincoln-Way Science department, the annual science openhouse was held March 14. Over 150 projects were displayed with some 300 students participating. Displays consisted of "science projects" dealing with all branches of science. This exposition provides what is probably the only opportunity many students will ever have to do any actual research as well as offering an opportunity to further and develop personal interest in science in addition to providing social maturity.

During the evening a panel of scientists, science teachers and lay scientific personnel circulated

School Districts Will Hold Elections April 9

Thursday, March 24, 1960

Page 7

April 9 is the date for school elections.

Directors or board members will be held in every district in the area, and in some there will be contests.

Five are running for three places on the Frankfort board, two of them incumbents; five also are running for the three places on the Ann Rutledge at Lincoln Estates, three of them incumbents; four are running for two places on the New Lenox school board with but one an incumbent; six are candidates for the two places to be filled on the Orland Park board with no one running for re-election. There also will be a contest in the Sandburg high school election.

In the Orland Park grade and the Sandburg districts are two candidates each running as choices of a caucus system. Candidates for the grade school board are Charles G. Crane, Joseph E. Bartell, Charles E. Mueller, Richard V. Leckowich and Otto Kettler. Bartell and Leckowich are caucus choices. The two members whose terms expire this spring, Victor Fischer and Richard Farr, did not want to run.

Joseph S. Orsic, a supervisor for Continental Can Co. who resides at 7311 W. 111th st., Worth, is the new and independent candidate for the Sandburg high school board. Two places are to be filled. The two chosen for the posts by the caucus group are Charles E. McBurney, incumbent,

and L. Sigfred Linderth, Jr., both of Palos township. Orsic pointed out that Worth has no representation on the Sandburg board. Of the seven present members four reside in Orland township but one of them has Tinley Park as a mailing address. Three reside in Palos township.

There is no contest in the Lincoln-Way high school election but the board is asking the public to vote "yes" on the proposal to increase the education fund tax rate from 86 to 99 cents in order to meet growing operating expenses, which of course includes salaries. Under the present tax rate of 86 cents per \$100 of equalized assessed valuation the amount of taxes extendable is \$334,733 (Ed. Note: Theoretically this amount is also collectible but it never is and probably never will be unless tax collectors make their demands at gun or knife point). Under the proposed 99 cent rate the amount extendable would be increased to approximately \$385,300.

Albert H. Krusemark, Frankfort, incumbent, is a candidate for re-election. Candidate for the other two places to be filled on the Lincoln-Way board is Elias A. Brown, Mokena lumber dealer and Lorin Schleeter, incumbent of Manhattan. Lawrence Kohl, a farmer in the Mokena area and a member of the board since Lincoln-Way district was created, declined to run for re-election this year.

Four men are running for the two places to be open on the New Lenox grade school board this spring. The only incumbent is Roy Fitzer, who sells equipment for storing and dispensing ice cream. The others running are, John B. Anderson, Jr., an attorney, Robert Facinelli, a baker and William Schwab, a research man.

At Frankfort there is a 5-way contest with three to be elected. Two of the candidates are incumbents, Walter Mark, a merchant, and Wilbur Hossbach, a farmer. Lester Heisner did not choose to run. The other three on the ticket are Paul Lambrecht, of the excavating and grading firm, Brown & Lambrecht; Kenneth Waldvogel, a milk hauler, and Walter Haakinson, who is employed by the Park Forest Water Co.

Frankfort voters will also vote on a proposal to extend the school year beyond the 9-month limit. This does not mean that a school year will be extended to 10 months, it was explained by the board. The principal reason is that the superintendent and board can plan the school program more effectively, it was stated. The board asks voters to approve the proposition. In the event a school has to close by reason of some emergency for such a time as to preclude getting in 185 days in a 9-month term the board would have a problem. Many school districts, it was stated, have voted extension of the school year to exceed nine months.

In the Ann Rutledge district the three incumbents all seek re-election, Donald Ball, Calvert Heath, Jr. and Charles Jones. The two others running are:

Erdic Dickens, 36, who bought a home in the district two years ago. During that time he has been employed by a Chicago Heights stone company. Previously he had worked for U. S. Rubber Co. for 10 years.

Milton Harms, 33, also a homeowner and a resident of Lincoln Estates for the past four and a half years. Employed as a pipe-fitter. There is no contest for the Mokena grade board, Robert Geuther, and Lyman F. Teague, president and secretary, are up

for re-election.

Homer voters will re-elect two incumbents, Merritt Cagwin and Joyce Prudy, the only candidates.

All of the elections listed to date deal with 7-member boards and polling places will open at 12 noon and close at 7 o'clock.

In the other and smaller districts the schools are operated by 3-member boards. The members are called directors. Candidates for these posts are not nominated by petition as are those for the 7-member boards. Instead they are nominated at caucuses called by the board. There may be many or few at these caucuses. The board fixes the hour for a caucus and also the time the polling place shall remain open—whether hours or a fraction of an hour.

The director district elections in the area are:

Maue, Dist. 138, 179th and 108th ave., Orland twp., one director to be chosen. Incumbent Harwood Stellwagon will not run again. Raymond Bernard reported to be candidate. Caucus 4:45 to 5 p.m. Poll open 5 to 7 p.m.

At Summit Hill, Dist. 161, 191st street, Mokena, one to be elected. Term of John G. Bettenhausen expires. Caucus 12:30 to 1 p.m. Poll open 1 to 3 p.m.

At Wietendorf, Dist. 154, Frankfort twp., caucus 1:30 to 2 p.m. Poll open 2 to 4 p.m. One to be elected.

Marley School, Dist. 125, caucus 4:30 to 5 p.m. Poll open 5 to 7 p.m. Two to be elected, one for a one year term to fill a vacancy and one for a three

year tenure. Term of William Loucks, president.

Doctor school, Dist. 137, 159th and 113th ct. Term of Gordon Doctor, president, expires. Caucus 3:45 to 4 p.m. Poll open 4 to 7 p.m.

Lincoln-Way Pitchers, Catchers Begin Workouts

Under the auspices of Coach Jonas R. Lashmet, Lincoln-Way pitchers and catchers began to train for the coming season Monday. The baseball season this year calls for on 18-game schedule, with a chance of more battles if the Knights can advance in the district or regional tournament. They will face Lockport's Porters in the season curtain-raiser, a game scheduled at the L-W diamond April 4.

In the Southwest Suburban Lincoln-Way will begin against Evergreen Park, also a home game. It is, of course, a bit too early to make any predictions.

Much of Lincoln-Way's hope this year hinges upon the pitching staff. Jim McGuire pitched some good ball last year and it is hoped he will be able to regain his fine form early in the year.

Don Carter, who was one of the aces of the Lincoln-Way staff in his sophomore year may come around and be one of the best if he is not plagued by arm trouble as he was last season.

Ron Yunker, who pitches occasionally, will be called on for relief duties, or may be an occasional starter. Jerry Peipenbrink is another regular pitcher who may have one of his better seasons.

Besides these boys, Lee Harwood, Ray Turney, Bill Rogers, and Harry Kooyeng may make appearances. Harwood and Turney looked good as Sophs.

Doing the batwork this year will be several of the men who bolstered the team last year.

Jerry Haehnlein, who was among the better hitters last year, will be back as receiver. Jerry is also a fine handler of pitchers.

Skip Kruzich, Ron Yunker, Wayne Lauffer, and Bob Lichenwalter will comprise perhaps the starting infield, and all can hit the ball when they are going well.

A good center fielder in Les Osborne will assure the local fans of a sure and solid defense. Jim McGuire, Don Carter, Jerry Peipenbrink, and Carl Edlund, all seniors, may complete the outfield, or perhaps some of the Junior boys will win these positions.

All in all, if the hitting might get hot, there is no doubt that the pitching and defense will carry the Knights, and this may be one of the better years for the Lincoln-Way horsehide rooters.

De Paul Cage Coach Will Speak At L-W

Ray Meyer, basketball coach at the DePaul University, will be the main speaker at the annual Lincoln-Way Community High School athletic banquet on Tuesday, March 29.

All members of the baseball, track, cross country, football, basketball and wrestling squads are guests of the school. It is a father and son affair. Tickets for the father may be purchased at the P. E. Office.

Meyer has been a highly successful basketball coach at DePaul. This past season DePaul turned in excellent basketball with an usually

small team.

Meyer was the coach who took the gangly George Mikan, who had played high school basketball, and made a great basketball player of him. Some of Mikan's records still stand in the NBA.

Meyer was the mentor who led the DePaul team to what many consider the national championship of collegiate basketball on two occasions, with victory in the National Invitation Tournament.

Eastport, Maine, is the easternmost city in the United States.

Browsing Through The Cold Stove League

BY DEAN DALLAS

Semmler Press Sports Editor

Weather is preventing much of a preview of SW Suburban baseball. Some schools have games set for just two or three weeks away. Some have games the first week in April.

None of the schools have been able to get any of the young men out on the meadow to start loosening up. In fact, the coldness of the weather is even a greater handicap to flexing the baseball muscles.

Evergreen Park is still talking in terms of a championship. The heavy hitting youngsters of suburban Chicago are hoping to get at least as far as they did a couple of years ago.

-O-

Don Arnold of Carl Sandburg was the only area basketballer to get any mention on the Chicago American All-State basketball squad. Don was given special mention.

Certainly, we feel that a few other young men from the circuit should have been in line for some suggestion. Not depreciating Don's selection, we wonder about a couple other possibilities. Maybe, Jim Mifflin should have had some consideration?

-O-

Tuesday evening, March 29, Coach Ray Meyer will be speaking at the Annual Athletic Banquet at Lincoln-Way. Coach Meyer has plenty of experience with the roundball and is known as an excellent after-dinner speaker.

Meyer started the great George Mikan on his basketball career and has consistently produced a winning team at DePaul. He got considerable mileage from his little men this past season.

Meyer should be interesting to listen to and should have something to say about athletic and the classroom.

-O-

It would seem that basketball officiating is changing with most every tournament and contest.

Every year the sport receives more and more rules to speed up and streamline the game. A spectator recently suggested, "I should be reminded never to return to a basketball game." I have to listen to whistles at work and everywhere else. He went on to suggest that the many more rules have made it almost impossible for a human being to keep pace with the action and call the many infractions of the rules.

In a game that is as fast moving as basketball can be, it seems that this would be a valid objection.

Much of the official action is bad because a referee can not hope to see everything and there are so many new details that it is impossible.

The new charging foul prevents the driving lay-up shot and forces the official to make a critical decision in split second action that is almost impossible to make. He must make two decisions instead of the usual one - this season. Two men can not catch the kind of action with just four eyes. Perhaps, we need about 10 officials in a game.

If the rules committee would forget about increasing the score of the various games and cutting some of the difficult to call fouls, the game would be more interesting and it would be a happy kind of contest than it is at present.

When you get to fine points the human eye is not able to measure. When basketball officiating gets to the foolishness of such detail it loses interest and invites bitter criticism -- which is justified. Back to a straighter and less rule studded basketball.

BASEBALL REGISTRATIONS - were taken last week at the Central school. Pictured is Ralph Kimmel, president of the Baseball Association, registering boys for Pony League teams. (Marvin Smith photo)

Orland Grade School Seeks Building Aid

The Orland Park grade school board has hired new architects, Alexander, Borkon and Westphal, of Joliet, to draw preliminary plans for a proposed addition to the present school plant.

Eight architectural firms were considered by the board before deciding to employ the one from Joliet. This firm recently completed a school at Lockport under the Illinois school building commission plan. This is the plan under which the Orland Park addition will be built.

The school board liked the previous work record of this architectural firm as well as on the amount of "one the job supervision" it may expect.

The board has called an election for April 9 for approval of the bonds the district can sell and also approval of arrangements with the state school building commission to finance the addition. Voters also will have an opportunity to authorize purchase of an additional site or sites.

The plans call for eight classrooms and a multi-purpose room. Site restrictions add to the difficulties of the task. The improvement that will be available to the voters prior to April 9.

Organize Woman's Club In Mokena, Elect Officers

Mrs. Charles F. Peterson, of Western Springs, and Mrs. Ralph Erlanson, of Aurora, met recently with a group of Mokena area women for the purpose of organizing a women's club. Mrs. Peterson is the vice president of the Northern region, of the Illinois Federation of Women's clubs and Mrs. Erlanson is president of the 11th district.

A meeting was held the evening of March 14, in the home of Mrs. Kenneth W. Bressler. By-laws, similar to those suggested by the federation were adopted and the name of the new society was selected, the Mokena Women's Club. The following officers were elected: Mrs. Berle Needham, president; Mrs. Harold L. Lotz, first vice president; Mrs. George M. Rumbley, second vice pres-

ident; Mrs. William W. Welsh, secretary; Mrs. Harold H. Beebe, treasurer; Mrs. Bressler and Mrs. William H. Pitman, directors.

Many who attended this meeting were surprised to learn that a Mokena women's club had been organized in 1916-17, with an original membership of 14. Some of the members of that earlier group, who lived a distance from the village, had to use horse and buggy transportation and because the club met at night, a kerosene lantern was attached to the dashboard of each vehicle, to light the way for those intrepid pioneers of "the good old days". The original Mokena Women's club was also affiliated with the 11th district of the Illinois Federation on Women's clubs.

INITIATED— Miss Jeanne Boleman, daughter of Mrs. Lillian Boleman, Mokena, has been initiated into the Epsilon Omicron chapter of Delta Zeta national sorority of Western Illinois University, Macomb. Miss Boleman is a junior kindergarten primary major. Jean's sisters, Marilyn and Patty are members of the sorority too. Jean is a graduate of Academy of Our Lady, 1957.
